HUCTW Survey Report

Thank you to everyone who responded to our survey in late February. We received 2,443 responses (almost 60% of the membership), which is a fantastic sign of the energy and commitment of our members.

Your answers and comments have provided us with a rich source of ideas and aspirations for the Union. HUCTW leaders have been using the stories and statistics from the survey to shape and strengthen our current negotiations with Harvard, and we will continue to use your feedback- to direct our initiatives and programs in the future.
